## Reflecting on the scenes around us--

the town, humming in the summer sunlight,

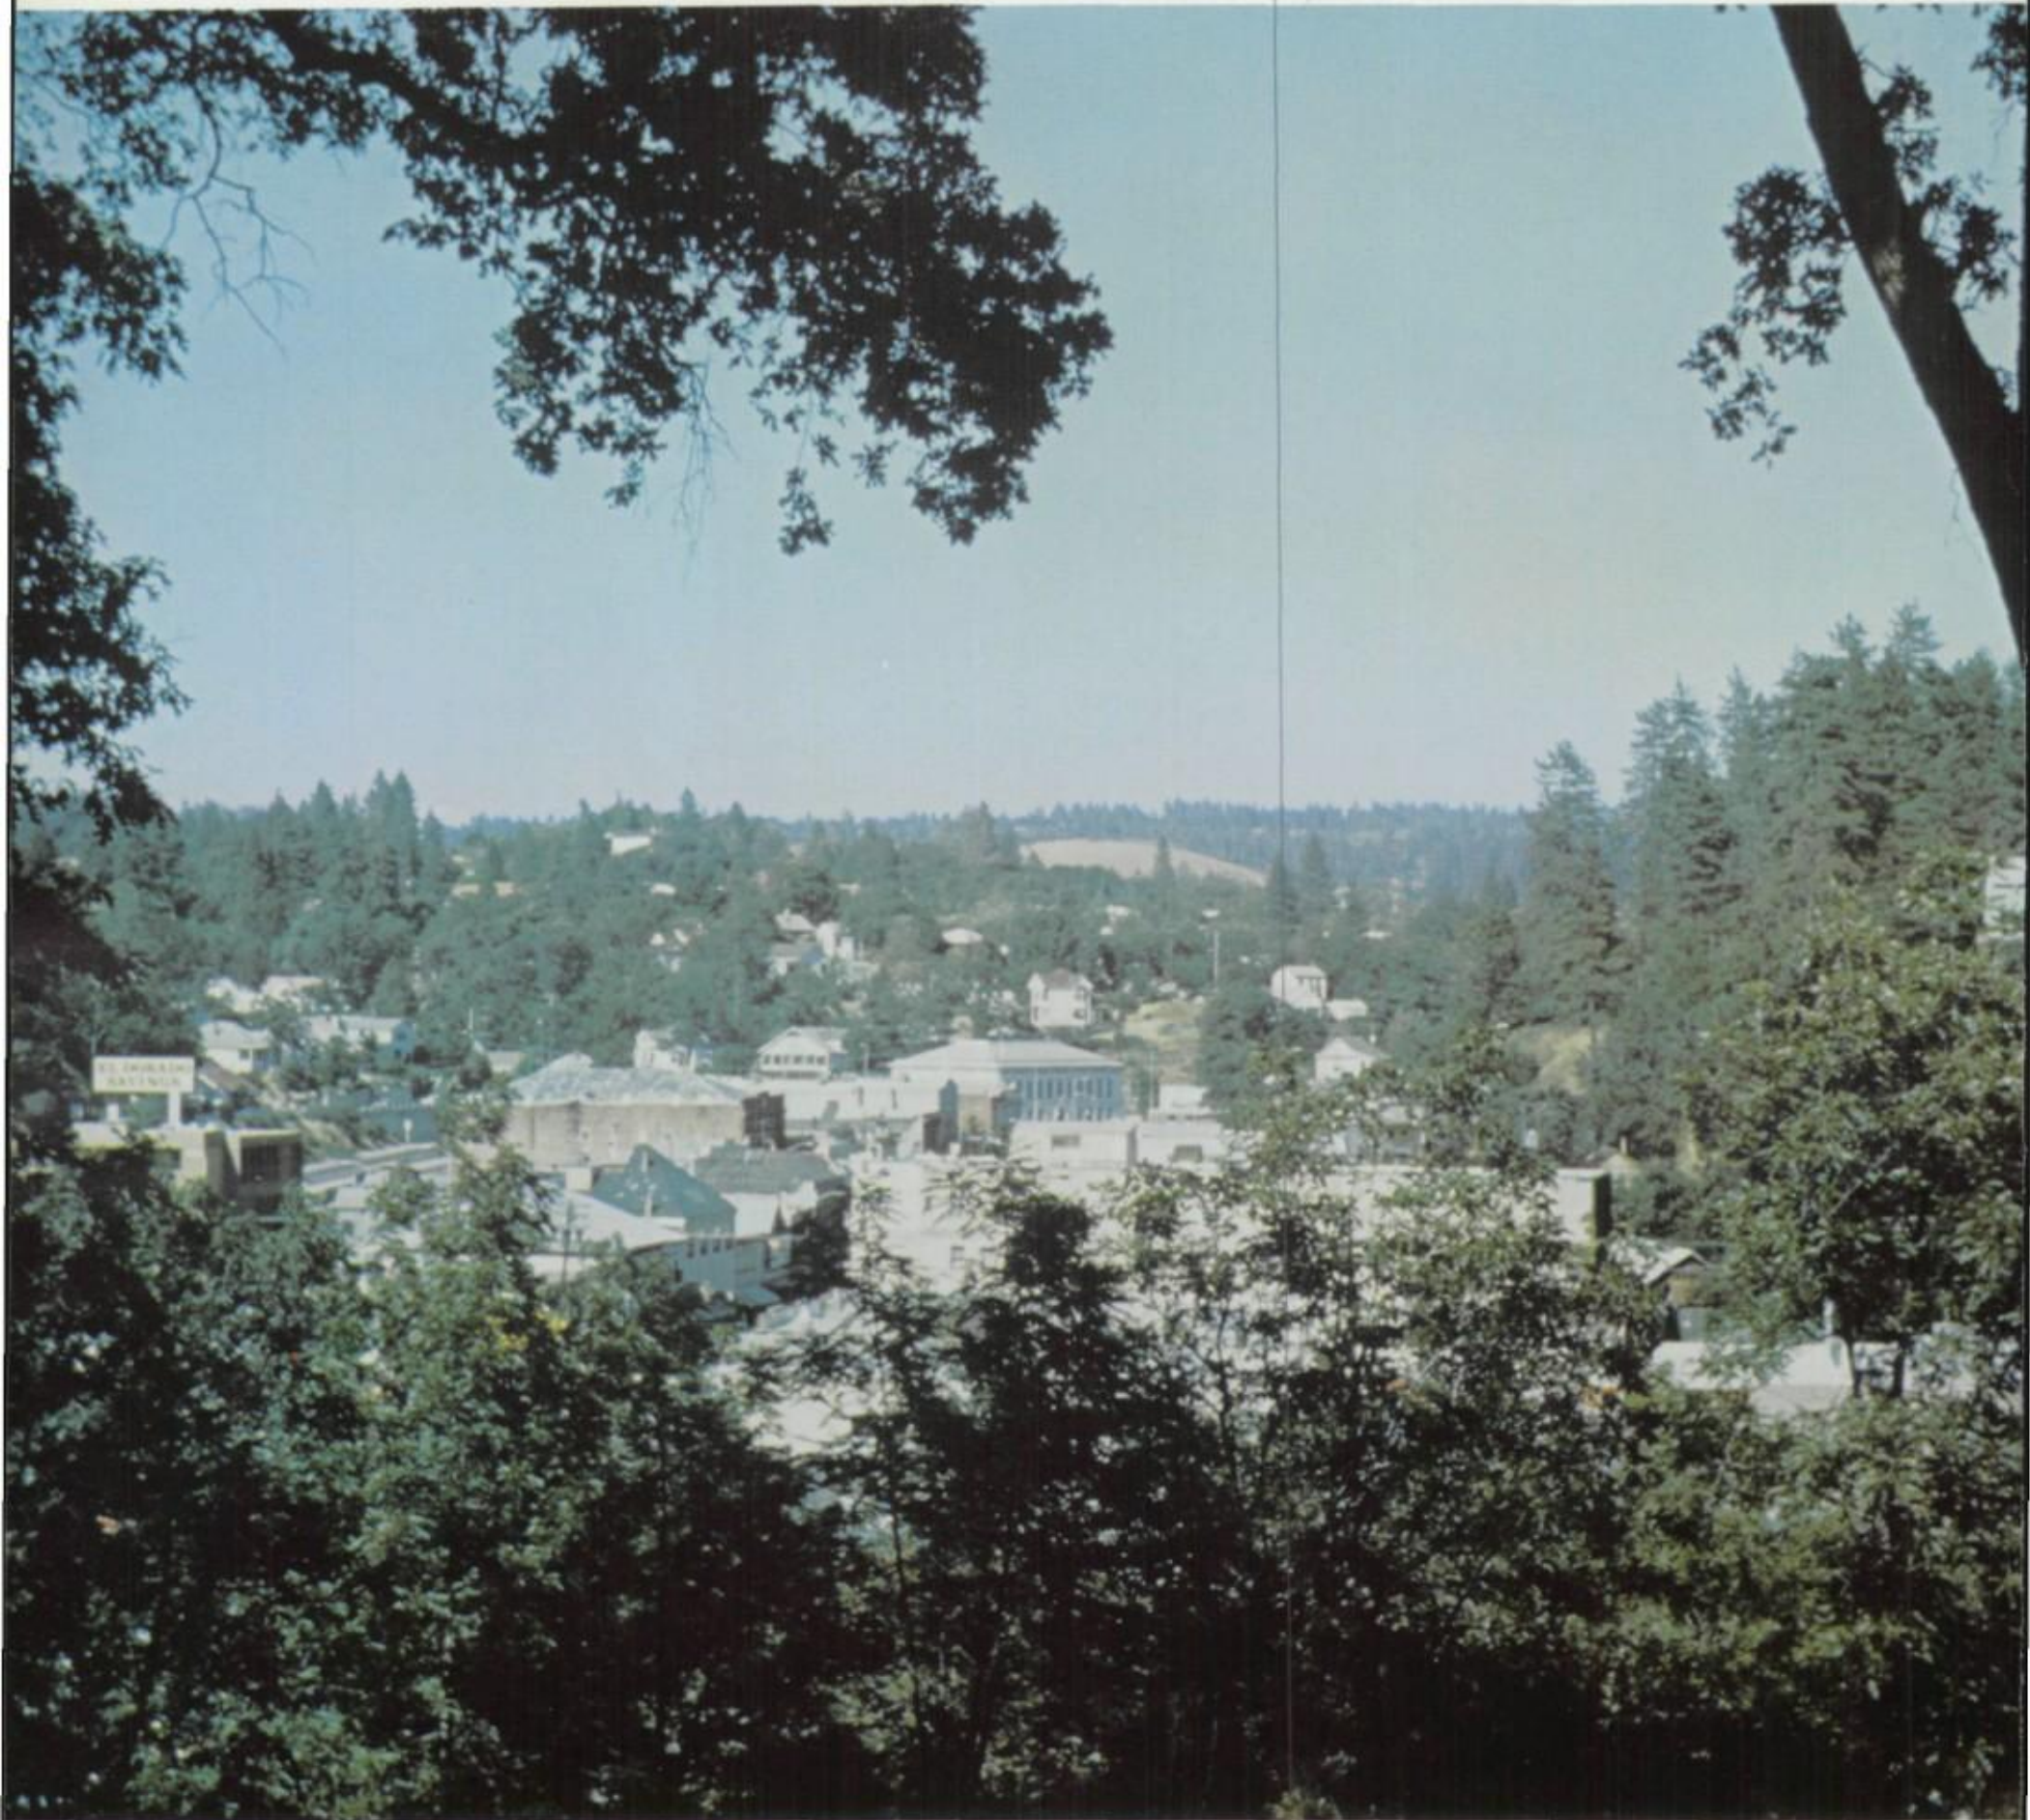

the streams, dark in pools of rushing white,

where solitude gives birth to dreams

the rainbowed freshness following a spring rain,

the oak, the evergreen, that tie each meadow to the sky,

we dedicate this year book . . .

## To The Beauty

of El Dorado Country

In hopes

that in days to come

beauty may never be

just a reflection.

Becky,

Here we are at the end of the year. But what a summer to follow. Next year is going to be so fun, but sad in a way since it is our last. We are gonna have to get together this summer. I'll see you later anyway for sure.

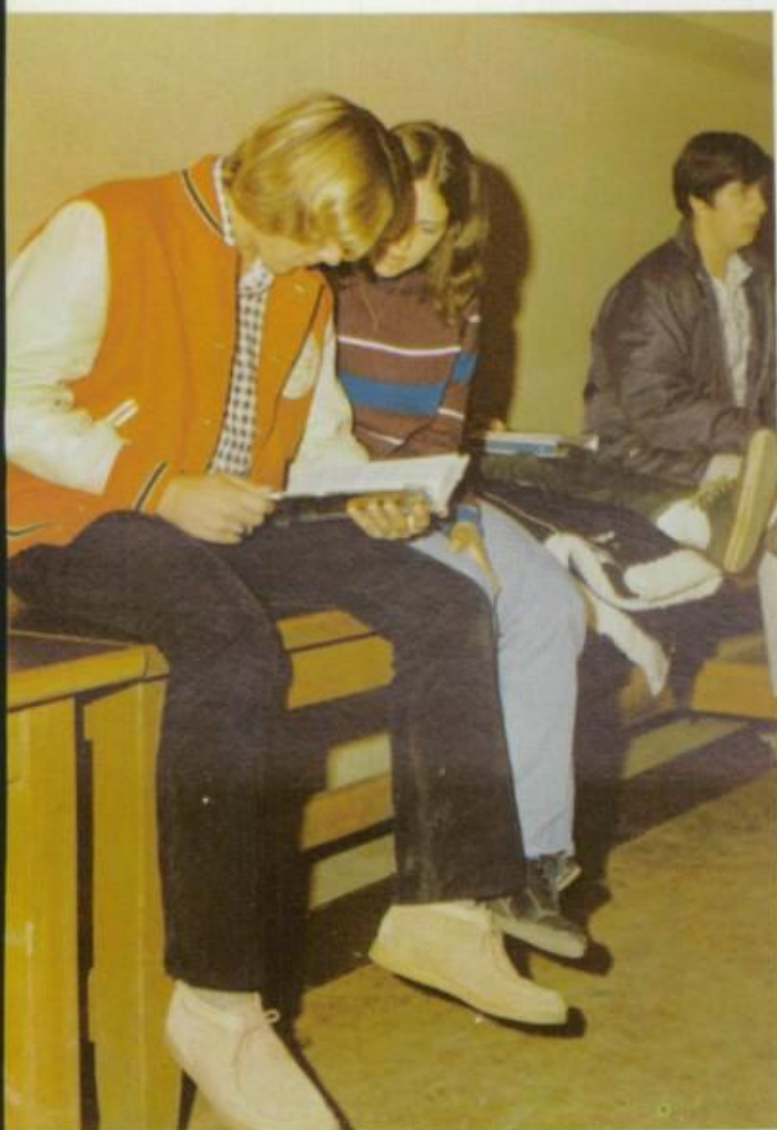

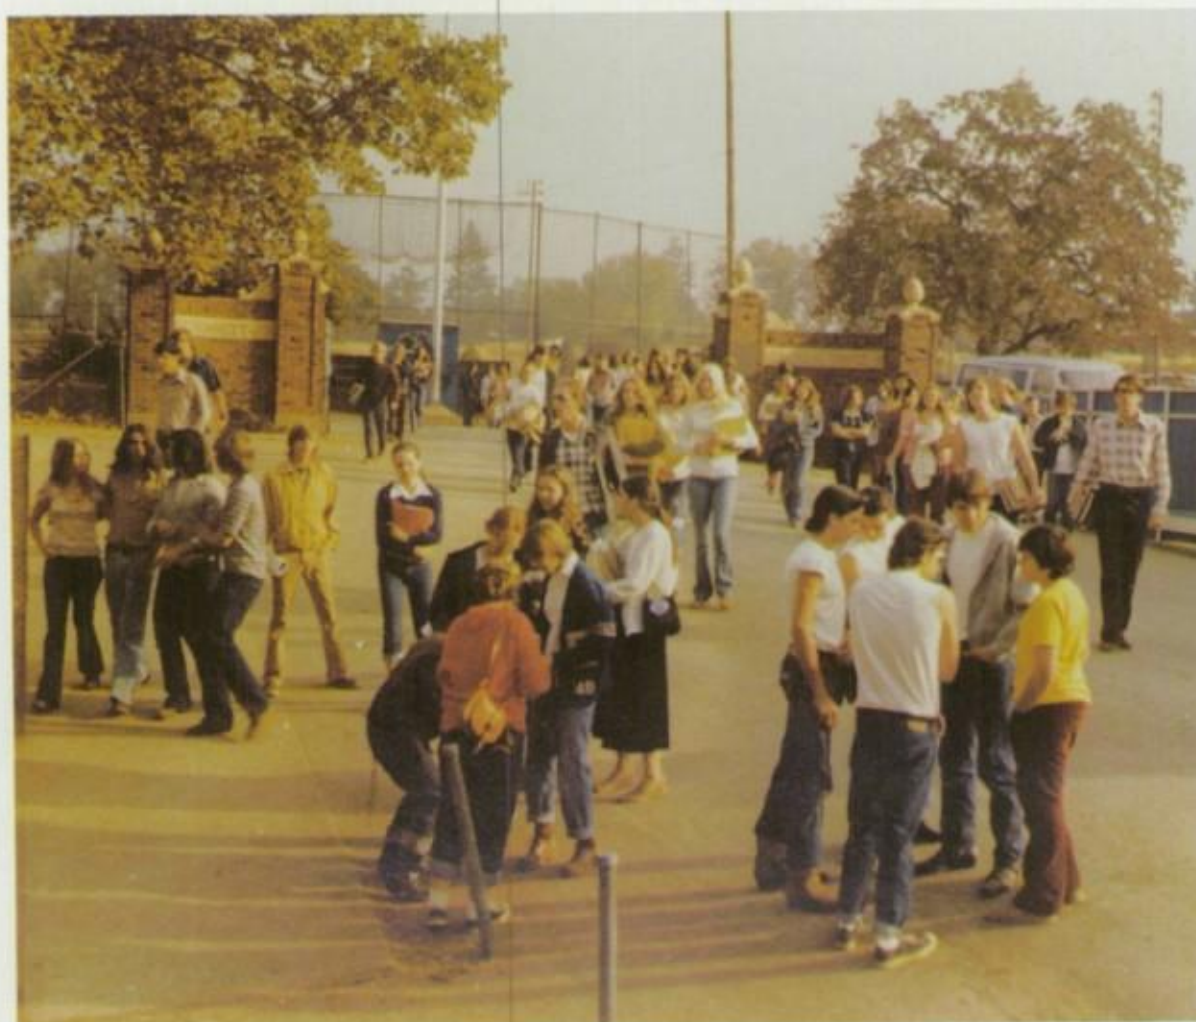

Love,  
Liz

P.S. Remember: Friends are the best possession.

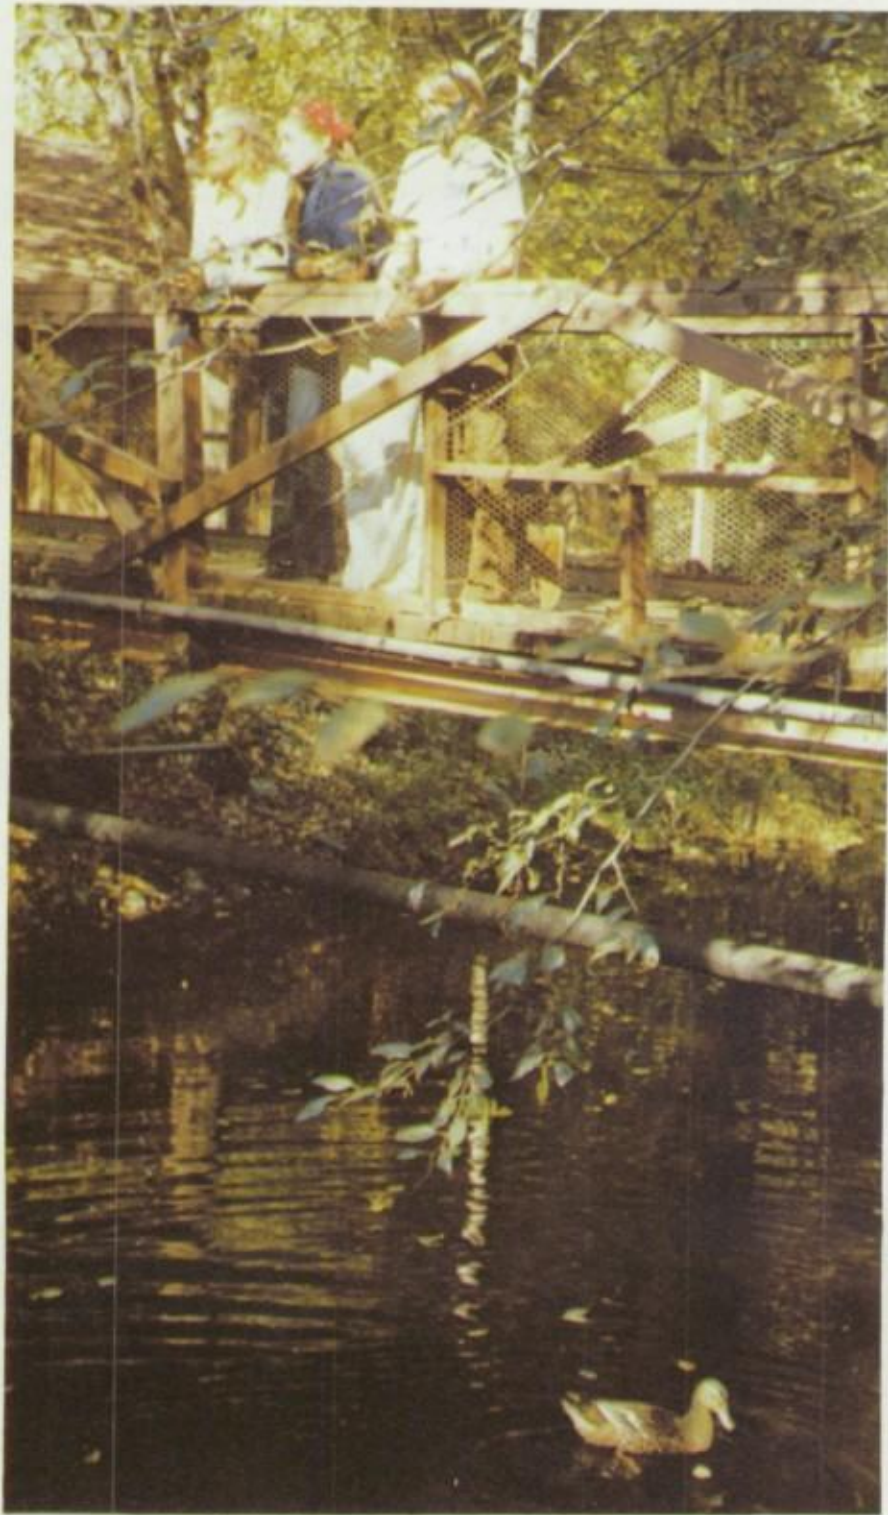

## Faces

external mirrors  
reflecting moods  
of inner feelings--  
love  
laughter  
solitude.

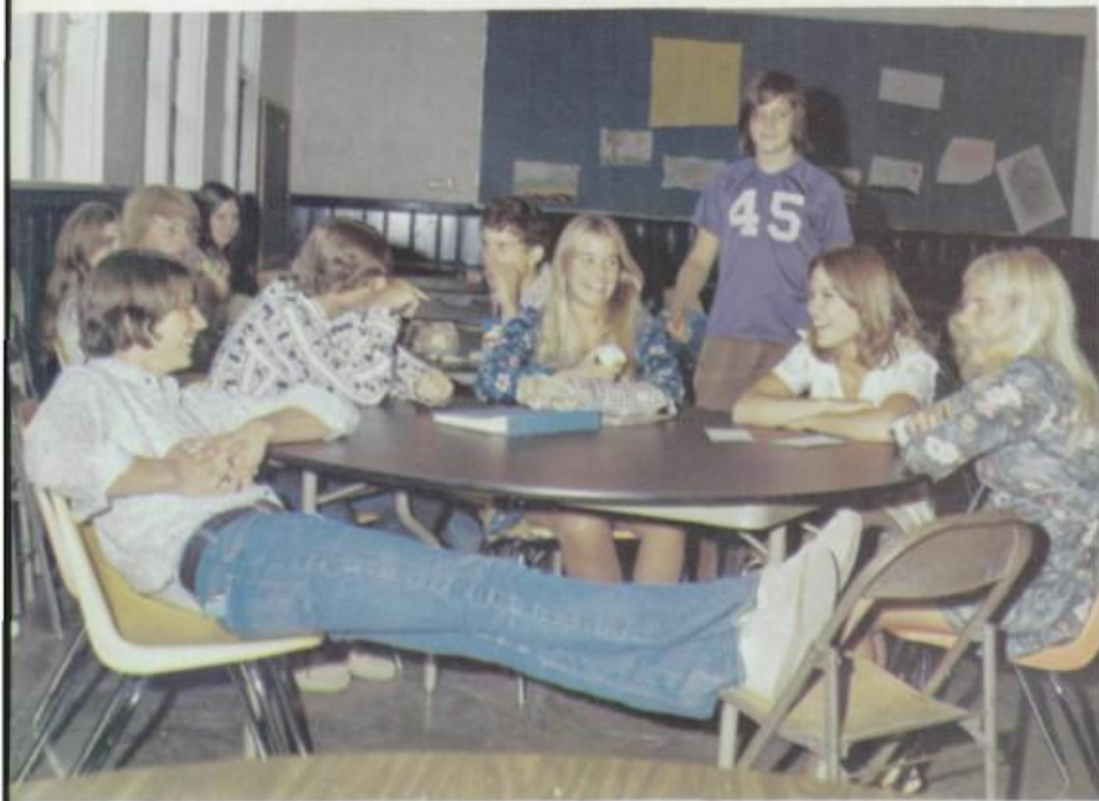

Bucky  
 It's been fun  
 this year. Sitting  
 around gossiping about  
 love's and rivals and  
 everything. Hope things work  
 out the way you want. See ya  
 Have fun this summer. Be good and  
 stay cool.

## Yesterday

Alive with experiences--  
 a face full of pie,  
 an exciting assembly  
 a shared laugh with friends.

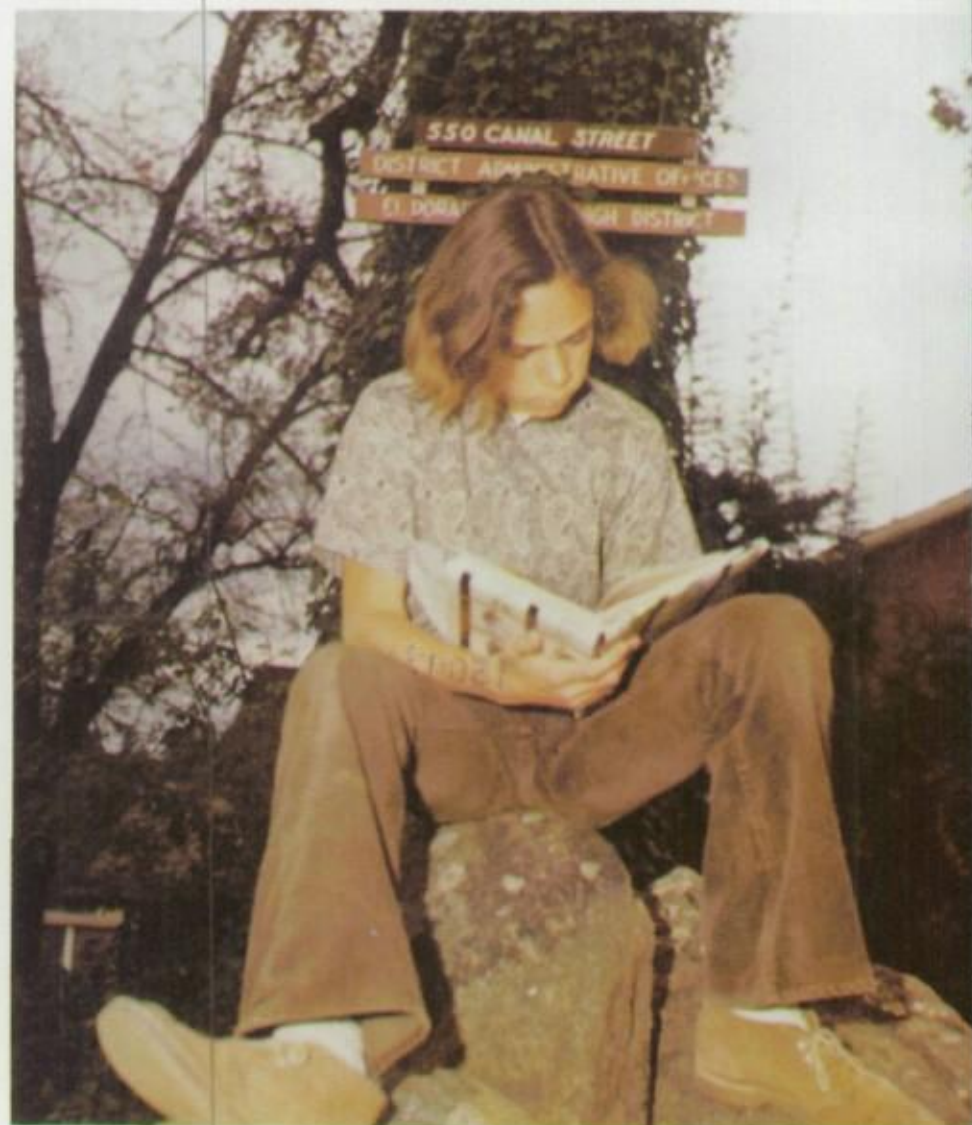

## Today

love,  
reflected in eyes sharing each other,  
friendship,  
shared outdoors in a shower of sunshine  
inquiry,  
a solitary search or shared with others,  
fun,  
sharing a sucker and a parade,  
happiness,  
alone, together, shared,  
today,  
a reality that becomes a reflection  
shared with the past.

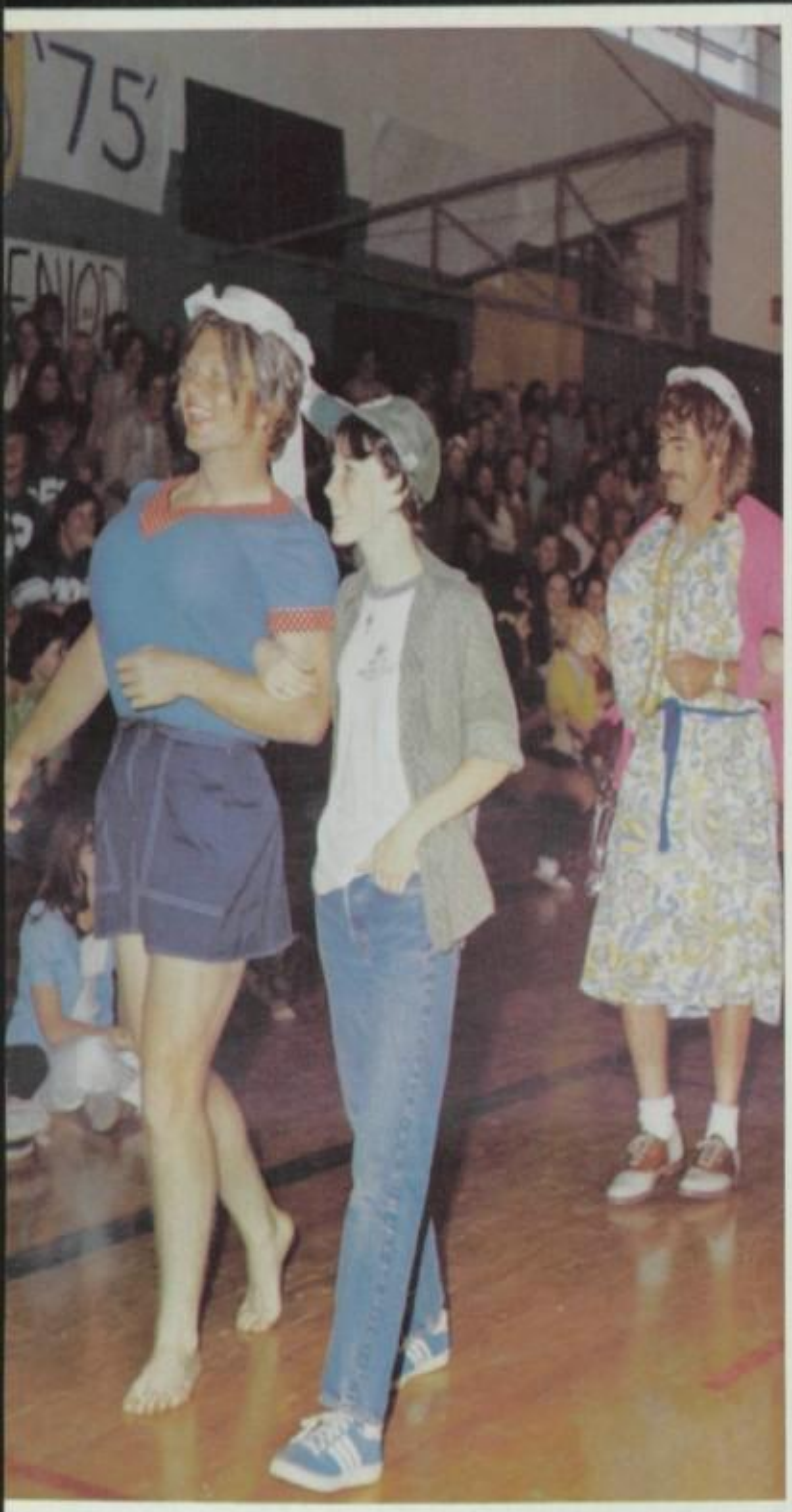

But mere reflections  
of days gone by.

## Godspell Spellbound All

"Godspell, as conceived by John-Michael Tebelak is a jubilant celebration of the Gospel as told by Saint Matthew. It is a religious experience to be felt joyously.
